Employee and Consumer Nondiscrimination Notice

**Consumer Nondiscrimination**

At WOW Dental, our purpose is helping people on their path to better oral health, and we believe that nothing is more important than the well-being of our valued patients. That's why we work hard to create an environment that fosters diversity across all areas of our business.

We proudly serve all communities, and do not tolerate any practices that discriminate against any consumer. Our focus is on maintaining welcoming and diverse environments for our patients.

We have firm nondiscrimination policies in place to help ensure that all patients are treated with respect and dignity, regardless of race, ethnicity, national origin, ancestry, color, religion, sex/gender, sexual orientation, gender identity or expression, physical or mental disability, medical condition (including pregnancy), age, veteran status, military status, marital status, genetic information, citizenship status, unemployment status, political affiliation, or on any other basis or characteristic prohibited by applicable federal, state or local law.

Profiling or any other type of discriminatory behavior is strictly prohibited. For example, in our clinics, our security policies and practices emphasize the conduct and behavior of the individual patient and not the individual's identity, appearance or any personal characteristic.
Employee Nondiscrimination

In addition, our formal diversity training helps ensure that all employees understand our policies and our commitment to nondiscrimination and diversity. In the event that we receive complaints from customers or other employees related to alleged discriminatory behavior we investigate it immediately and take action as needed. Employees who violate any of our nondiscrimination policies or our Code of Conduct are subject to disciplinary action, up to and including termination of employment.
